ALBERTA SUSTAINS LOSS.

In the death of James Reilly, the Calgary pioneer who passed away at Victoria last week, Alberta loses one of the strongest and best men who held citizenship in the province. Mr. Reilly was one of the first comers to Alberta and from the day of his advent to the day of his death the best endeavors of a conscientious man and a brilliant mind were given to Alberta. His faith in the territory as it was when he came and the province as it later became, was sublime and being endowed with the gifts of the paternal orator, he was able to give expression to the beliefs with which he was imbued with rare eloquence. Mr. Reilly was the first to propose erecting the territory into a province and was known as the father of autonomy. Likewise he was in nearly every instance wherein an epoch of progress has been marked, a leader if not the first to propose it and the good he did will be felt throughout the history of the province. Added to his other gifts, which were many, his was a charming personality, in consequence of which, new acquaintances were instantly attracted and a strong liking for him was formed even though it might perchance be the only meeting. Mr. Reilly made numerous such acquaintances during a few days he spent in Frank last fall and among them are not a few who had the feeling upon learning of his death, that they had really lost a friend. Alberta has indeed lost one of her most valued citizens, one whose mission was to spread the gospel of good will, good fellowship and the spirit of progress and whose creed was to so live that the world might be the better for his having lived in it.

RAILWAYS DEVELOP COUNTRY.

That development of a country follows rapidly on the introduction of railway lines is shown by the rapid settlement of that part of Northeastern Alberta through which the G. T. P. passes. During the past six months three villages along the new road have applied for incorporation and are now registered as such in the office of the tax commissioner. These are Wainwright, Horden and Viking. Ryley, the point where the G. T. P. branch line leaves for Calgary, has also made application, which will be granted as soon as the forms can be made out. Entwistle, a rising town on the G. T. P. grade west of Edmonton, has also been granted incorporation as a village.

Of the newly incorporated towns in the province the only one within the past few months is that of Irvine, near Medicine Hat. Telford, also on the G. T. P. east of Edmonton, has entered application for incorporation as a town and will soon discard its infant municipal clothes.

No fewer than fourteen local improvement districts have been formed during the past six months. With one or two exceptions these are all along the line of the G. T. P. and between the new transcontinental and the Canadian Northern.—Leithbridge Herald.

SEE EXPERIMENTAL FARMS

The department of agriculture is making arrangements to have excursions run to the experimental farms at Lethbridge and Lacombe. The excursions to the Lethbridge farm will be run on the 23rd when there will be a special train from Calgary while for those on the Crows Nest line who are interested a rate of a fare and a third for the round trip will be made.

The superintendent of the experimental farms will have several men to act as guides, explaining to people the various matters of interest to be found on the farms. Short addresses will also be delivered. It would be advisable for people to take their lunch baskets as the farms are located at some little distance from the towns. Hot water will be provided free of charge.

These two experimental farms were established in 1907 and have both made good progress. There are many interesting features to be seen and it is hoped that the people of the province will take advantage of the cheap excursion rates to visit these farms.

Frank News in Brief

Jake Whiller has purchased three and a half acres of land, a part of the Westworth ranch below Bellevue and will plant it into town lots.

J. E. Reuter has disposed of his wholesale liquor business at Blairmore to M. Hoase and will locate at Lethbridge.

Coming to the dedicatory services to be held at the Baptist church at Blairmore Sunday, no Baptist service will be held in Frank.

Saturday was pay day in Frank when approximately \$20,000 was paid to the men employed in the camp. Not bad for a camp that did not have a pay day the first of the year.

Inspector Bolcher is authority for the statement that the Alberta and Dominion governments have renewed the agreement making provision for the motu police establishment and that the force will be kept in the province another five years.

The natural consequences of ever doing a good thing is manifested in the character of the fishing at the South Fork this year. The stream has been literally fished to death the past few years, many of the fishermen killing every fish possible in almost every way possible until what was only a few years ago one of the greatest trout streams in the west appears to be almost entirely fished out. Several parties from Frank fished on the stream Sunday, probably a dozen altogether and the whole bunch did not get two dozen fish. Several parties are now camped on the stream, one coming from as far away as Lethbridge but no one is getting any fish.

The Coleman Miner has changed hands, passing entirely from the ownership and control of the present owners, H. B. Lyon and others, to a company headed by J. D. S. Barrett as president and manager and T. B. Bradon, secretary and editor. Mr. Barrett is the present well known manager while Mr. Bradon is an old newspaper man, formerly editor of the Liberator Prospector, the Dominion Magazine and the Calgary Herald. He is a son of Dr. John Bradon of Ancaster, Ont. and brother of Dr. J. V. Bradon who is well known in this district, having passed for a time at Blairmore. The old company name will be retained. The new paper will be known as the Coleman Miner and Carbonado Advertiser. The new owners will take charge the first of August.

A competent superintendent wanted at once for a large operating mine.

Apply care Union Bank. DENTISTRY—Dr. Bruce, head office, Macleod, honor graduate of Trinity University, Toronto and Royal College of Dental Surgeons of Ontario, will make his next regular visit to Frank at Imperial hotel on July 23rd and 24th. Please call and make appointments early.

The C. P. R. is making preparations for facilitating the handling of the increasingly heavy coal traffic of the district by putting in a Y at Burns and it is said will keep a helper at Burns to push the heavy trains over the hills. James Anderson has the contract for grading and has the work well along. He expects to finish in a few days. This new arrangement would seem to indicate good foundation for the recent rumor that the C. P. R. had indefinitely postponed if not abandoned the idea of grade revision talked of for the past two years.

There is considerable activity on the South Fork this summer. The reorganized Hastings Development company is preparing to do considerable work. A. F. Martin, engineer, is on the ground arranging to make a survey of the property and Leslie Hill the new head of the concern is expected to visit the property in a few days with a view to planning such work as is to be done. Thos. Roach has a crew prospecting a new property recently located and J. A. McDonald and others are prospecting on still another new property. The Carbon Hill company is doing nothing at the present time.

NOTICE OF DISSOLUTION

Notice is hereby given that the partnership heretofore existing between, Frank Manifold & Frank Demoustiez carrying on business as General Merchants, at Blairmore, Alberta, under the name of Blairmore Grocery Store, was this day dissolved by mutual consent. All debts owing to said partnership are to be paid to Frank Manifold and all claims against the said Frank Manifold by whom the same will be settled. Dated at Blairmore, Alberta, this 20th day of July, 1929. Frank Manifold, Frank Demoustiez.

J. T. Stirling, mine inspector, accompanied by Mrs. Stirling, spent several days in the district this week.

F. Vaughan of Calgary, grand organizer for the N. W. S. B., will visit Frank with other delegates from Calgary to hold a mass meeting here.

Announcement is made that in response to the efforts of the associated boards of trade in that behalf, reduced freight rates on Alberta coal are to go into effect.

Attorney Colin Macleod was up from Macleod Monday.

D. O. Drain, A. A. Sparks, J. B. Reuter of Blairmore and Albert Harrison of the Sanitarium left Tuesday on a camping and fishing expedition to the South Fork.

R. H. Foster has been appointed train master for this division of the Crow line to succeed Mr. Chudleigh who is acting superintendent and who, it is said, will go to Medicine Hat when relieved.

MICHEL INCREASES LEAD

The Michel football team increased its lead in the posant race by defeating Fernie Saturday 5 to 0 while Coal Creek also moved up by winning from Bellevue 4 to 2. It now looks like a difficult matter to beat Michel to the championship although such a thing is yet possible. The first game for the Mutz cup

will be played in Frank August 7th between Coal Creek and Frank.

Following is the standing of the teams to date:

Teams	Won	Lost	Draw	Points
Michel	8	1	1	17
Fernie	3	2	5	11
Coal Creek	5	0	2	12
Frank	8	2	2	8
Bellevue	2	6	1	5
Coleman	2	4	1	5
Hosmer	0	5	0	0
